2009 to 2011

I would like to take this opportunity to thank every one who has been involved with the hard two years we have had with Max's Leukaemia. He will finish his Chemo treatment this week on the 8th of Feb and on Wed the 9th he will have his final bone marrow test. By the 21st of March he will be off all medication but will need regular blood tests for the next five years and annual checks after that for the rest of his life.

At the end of March thanks to the Make A Wish Foundation we will be going on a well earned holiday to the Gold Coast.
